Commission d'Aménagement du Nunavut

Nunavut Impact Assessment

What types of project proposals does the NIRB assess?

- Roads / trails
- Marine infrastructure
- Research
- Mineral exploration
- Mining
- Telecommunications
- Oil & gas
- Nuclear power
- Tourism
- Hydro-electric

Nunavut Impact Assessment

- Screen project proposals to determine whether or not a review is required
- Gauge and define the extent of regional impacts
- Review ecosystemic and socio-economic impacts of project proposals
- Determine whether project proposals should proceed, and if so, under what terms and conditions
- Monitor projects that have been approved to proceed

NIRB compliance monitoring and effects monitoring allow for feedback into ongoing impact assessments

Nunavut Impact Assessment

Nunavut and Nunavik's Newsmakers of 2016: The Stars

Nunatsiaq News, January 4, 2017

“This year the NIRB once again demonstrated its competence, saying yes to mining projects in which the benefits outweigh considerable risks and saying no to dubious projects that may be too costly to the environment... This is one organization that strives to get the balance right, in line with Nunavut’s oft-stated commitment to sustainable development”
